FoilExpress

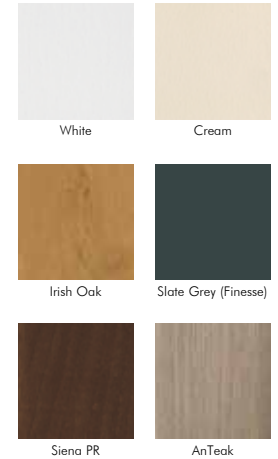

As fashion and styles change, so should your colour choice. The time has arrived when you can have more control over your colours, as you should.

The Palette offers you more colours direct from stock. And if we don't stock the finish you want, we'll use our FoilExpress service to get it to you. Our service is rapid and our minimum order quantity is a single length!

Premium

Premium Plus

All FoilExpress colours available on a choice on White, Brown, Tan or Cream base.

THE
PALETTE

These days everyone wants to feel special. They want their taste and style to show in their homes. They want to complement their building materials, stand out, blend in, keep up with Jones's and make a statement.

Now they can with THE PALETTE – a fabulous range of colours and finishes available from stock and an extended range of 28 colours on short lead times. Now you can offer dual-colour options, flat finishes, stylish contemporary shades and a choice of woodgrain effects to enhance any home. Want to match existing windows and doors, talk to us. Want something dramatic and different, talk to us.

And, because all our foiled finishes use top quality foils permanently bonded using state-of-the-art equipment you can be sure that our stunning colours will keep their fresh good looks for a very long time indeed.

Why PatioMaster?

Patio doors are popular and practical, but making them can be tricky and disruptive. It's a specialist area of fabrication that needs particular skills and infrastructure, and that's the idea behind PatioMaster. We're dedicated to the manufacture and supply of in-line sliding patio doors and we're the only business that operates this way.

We work through a network of fabricators in the UK and Ireland, and are part of the Epwin Group, a British business with decades of experience in low-maintenance building products. We don't believe in making do – we believe in excellence at every stage in the process: from design, through manufacturing, testing and fabrication, right through to after-sales support.
