1474 Patio Interlock

| SPECIFIC PRODUCT | DOCUMENT CATEGORY | DATE | REV. | REFERENCE | PAGE |
|------------------|-------------------|----------|------|----------------|-----------|
| PATIO DOORS | PRODUCT CHANGE | NOV 2020 | 0 | PMT2005 | 01 |

As part of our policy of continuous product improvement we are pleased to announce a design change to the Patio Door Interlock: Part No. **1474**. This change has been implemented to improve operational clearance to the interlock area. This has necessitated an alteration to the sash width deductions (see below). Please note that to use the new design 1474 the software must be working to the latest sash width deductions.

MANUFACTURE

To use the new design 1474 the software must be working to the latest sash width deductions (see below). If you are unsure please contact the technical department. The new sash width deductions are:

| | 2 PANE | 3 PANE END SLIDER | 3 PANE CENTRE SLIDER | 4 PANE |
|----------------------|------------|-------------------|----------------------|-------------|
| Sash Width Deduction | $(OW/2)-2$ | $(OW/3)+25$ | $(OW/3)-3$ | $(OW/4)+18$ |

AVAILABILITY

This new part will become available once stocks of the current part have been depleted. It is expected that both designs will run alongside each other for a period of time. Please note that both old and new designs will both work with the new deductions.

REDUNDANT STOCKS

We strongly advise that fabricators of this product manage their stocks carefully, as we will not be accepting any returns of redundant stocks.

RESIDUAL STOCKS

As this is a direct replacement there will be no residual stocks. Once stocks have been depleted these products will no longer be available.

PRICE

No change

Should you require any further information or clarification, please contact your Customer Services Advisor or the Technical Department.
